

## EQC Meeting

Thursday, July 16, 7:00

### Attendees:

1. Leigha Haywood
2. Mark Hanson
3. Dave Anderson
4. ReNae Bowman
5. Joe Selton

Start at 7:05, adjourned at 8:15

### Discussion Results

#### 1. Night to Unite:

In an effort to create awareness about new recycling processes for residents, we will put a refrigerator magnet (2 per bag). It provides a phone number and the web site for recycling.

#### A to Z How-To-Get-Rid-Of-It Guide Magnet

Actual size of a business card

Magnet promoting the A to Z How-to-Get-Rid-of-It Guide, which is a searchable guide of disposal options for household waste. Great giveaway for events, classes, workshops and conferences.

I spoke with the police liaison today Friday, July 17 and they are happy to put these items in the grab bag. There is no cost to the city as this is part of the resources made available to Master Recycler/Composters. I will make sure these items are delivered to the police.

Also, I will work with Robyn to write something about the EQC and provide contact information to residents; this will also be included in the grab bag.

2. **Fall TechDump & Clothing event:** I sent Amanda LaGrange an email looking for dates that will work for Tech Dump; I will keep in touch with the EQC to get a date set.
3. Have a **Crystal staff member talk** during and EQC meeting about Crystal's water quality and the energy generated by the city's solar panels.
4. **July 23 Meet and greet at Frankie's** in New Hope, a leaning and discussion session about oil field train safety. Time frame: 5 – 7.
5. Get copy of the Hennepin County new bike plan and map.
6. Our next meeting will be August 20
