

PATROL

There are 21 men and women assigned to the patrol division. Additionally, the department has one officer specifically assigned to the traffic unit. Our officers patrol the City of Crystal, 24 hours a day, throughout the year. In 2013, they responded to approximately 31,000 calls for service.

The Crystal Police Department also has a team of 1 full-time and 6 part-time Community Service Officers, who handle routine matters that do not require sworn personnel. In addition to handling certain calls for services, CSO's are responsible for all bookings at the Crystal Police Department's temporary holding facility.

The Crystal Police Department strives to build partnerships within the community by adhering to the community policing philosophy. The city is divided into four districts which encompass fourteen neighborhoods. Sergeants and officers are assigned to specific districts in order to problem solve at the lowest level.
