

Request for Proposal (RFP) Guidelines for 5209 - 49th Avenue North

- A. Legal Description.** The property is legally described as Lot 1, Block 1, Bottineau Gardens, Hennepin County, Minnesota. The Bottineau Gardens final plat is shown as attachment C.
- B. Builder Selection Criteria.** Builders must meet the following requirements:
1. Licensed as a Residential Building Contractor by the State of Minnesota. Proposals submitted by parties not licensed as a Residential Building Contractor will not be considered by the Economic Development Authority of the City of Crystal (EDA).
 2. Have experience in house construction in Minnesota. Builders shall provide the addresses of three houses they have built in Minnesota within the last five years, or other evidence of qualification acceptable to the EDA. References from previous customers, suppliers, and inspectors may be requested by EDA staff.
 3. Be capable of closing on the lot purchase within two months of the EDA approving the lot sale and completing the home within one year of EDA approval of the lot sale (See Section, C, below)
- C. Procedure for Consideration of Builder Proposals.**
1. Builder proposals must be submitted by **Tuesday, May 30, 2017 at 2 PM**. This proposal shall consist of a completed and signed proposal form, a site plan showing the proposed location of the home, and a tentative house plan.
 2. EDA staff will review the proposals and present them to the EDA board. At that meeting (EDA meeting #1), the EDA board will either reject or tentatively accept the proposal. The EDA has total discretion regarding whether to reject or accept a proposal. If the proposal is accepted, then EDA staff will work with the builder to prepare detailed house plans for the lot prior to the public hearing on June 20, 2017 (EDA meeting #2).
 3. Prior to EDA meeting #2, the Builder must sign the Purchase and Redevelopment Agreement and pay \$2,000 earnest money.
 4. At EDA meeting #2, the EDA board will hold a public hearing and consider a resolution authorizing the sale of the property to the Builder pursuant to the Purchase and Redevelopment Agreement, for construction of the house shown in the detailed plans.
 5. No later than 2 months after EDA meeting #2, the Builder must close on the sale of the lot. At closing, the Builder shall make full payment for the remainder of the lot price (the EDA does not provide interim financing). To save time, Builder may begin the building permit application process before the closing date (see Section E, below). However, the permit will not be issued until Builder has closed on the lot.
 6. No later than one year after Closing, the Builder must complete the house.
- D. Specifications.**
1. **Grading and Drainage.**
 - a) The estimated top of foundation for the new house is 879 feet. The elevation may be refined by Builder and EDA staff during the development of the specific house plan prior

to final EDA approval of the lot sale. Upon completion of the final grade but prior to installing landscaping, EDA staff may require the Builder to submit an as-built survey to the Building Official showing the final grade elevations.

- b) Drainage from the house, garage, driveway and any other structures shall be accommodated on the site so that water flow onto adjacent properties is minimized. Builder's final grade shall carry water primarily to the street. If determined by the Building Official to be necessary, Builder will install rain gutters to direct roof runoff to minimize impacts on adjacent properties. Builder will restore any disturbed turf or landscaping.
- c) Builder will follow Best Management Practices to minimize erosion and runoff onto adjacent properties and public ways. At a minimum, Builder will install silt fencing or wattle logs, and a temporary rock construction entrance to prevent runoff silt from flowing onto the street or adjacent properties. These erosion control measures should be installed at the beginning of home construction as this is the first inspection completed by the Building Official.

2. Utilities.

- a) Utility meters shall be reasonably screened from street view; locations must be specified on the plans submitted with the building permit application.
- b) All utility service lines shall be underground. Utilities may locate necessary facilities such as pedestals or boxes in the street right-of-way or utility & drainage easements.
- c) Any expenses for connection of the house to utilities shall be the responsibility of Builder, including any necessary landscaping or sidewalk, curb or pavement work, but excepting reasonable costs associated with sewer stub replacement discussed in e) below.
- d) Municipal Water. Municipal water will be installed by the EDA along 49th Avenue North. There are no WAC charges.
- e) Municipal Sanitary Sewer. Municipal sewer is available along the lot along 49th Avenue North. There are no SAC charges levied by Metropolitan Council Environmental Services.
- f) Private Utilities, including natural gas (Centerpoint Energy), electricity (Xcel Energy), telephone (CenturyLink), and cable television (Comcast). The house shall access private utilities via underground connections only. Private utilities are located in the 49th Avenue North right-of-way.
- g) Questions regarding city utilities should be directed to Engineering Project Manager Mick Cyert (763.531.1161 or mick.cyert@crystalmn.gov). Questions regarding private utilities should be directed to the respective utility company.

3. **Driveways and Curb Cuts.** A hard surfaced driveway is required to provide access from 49th Avenue North to the new house's garage. A separate permit and escrow are required. In no event shall the curb cut and driveway approach (the area between the curb and lot line) exceed 22 feet in width. Once onto the subject property, the driveway may exceed 22 feet in width provided it does not exceed the width of the overhead garage doors plus six feet. The house's building permit application must include a site plan showing the proposed driveway layout.

4. **General Construction Practices.** The construction site, neighboring property and adjacent public streets shall be kept free of construction debris at all times, and Builder must have a construction dumpster to prevent debris from being scattered or blown around. No construction workers, construction equipment or construction material shall enter neighboring properties without said property owner's consent.

5. Building Standards.

- a) Compliance with Crystal City Code.
- b) Minimum required setbacks for the house are as follows: 30 feet from the lot line along 49th Avenue North, 30 feet from the south lot line; 10 feet from the lot line along Lakeland Avenue North and 5 feet from the east lot line. Foundations and eaves cannot be located within a drainage and utility easement. City code does have some limited exceptions to the setback requirements; those can be discussed in detail with EDA staff if your proposal is accepted.
- d) The house shall face 49th Avenue North and have at least three bedrooms and two bathrooms.
- e) The house shall have a full depth basement, unless the selected design results in a split level / garden level type of basement. At a minimum, basements shall have at least one egress window and a rough-in for a future $\frac{3}{4}$ bath. Additional basement windows are desirable. Slab houses and crawlspace houses will not be considered by the EDA.
- f) Exterior materials (siding, soffit, doors and windows) shall be low maintenance. The use of brick or stucco is encouraged. Fiber cement siding or wood siding with natural resistance to decay are encouraged but they must be properly stained or painted. Vinyl or other low maintenance siding materials are generally acceptable and can be made more desirable through the use of shakes, fish scales or other styles to break up the pattern. Hardboard panels or hardboard lap siding are not acceptable.
- g) The house shall have a garage for at least two cars.
- h) The design should emphasize the front door as the focal point for the front of the house. A large and usable (minimum depth 6 feet) front porch is desired. Garage door dominance in design should be minimized as much as possible, such as by using separate doors for each stall.
- i) Plans should present a balanced and pleasing distribution of wall and window areas from all views. Blank walls are not permitted; each wall shall have some windows. Corner rooms should have windows on both walls, if possible. To the extent that southern exposures are present, house designs are expected to enhance wintertime natural light and passive solar heating.
- j) No equipment such as air-conditioning cooling structures or condensers that generate noise shall be located within a side setback, drainage & utility easement, or within 10 feet of living quarters located in a building on adjacent property.

6. Landscaping. The lot shall be landscaped to be aesthetically pleasing in all seasons. Land forms and plant materials shall be used to define the site and blend neatly with adjoining property.

At a minimum the following tree planting is required:

- The builder shall preserve the 28" spruce tree in the south area of the lot by installing tree protection fencing around the drip line of the tree. No disturbance is allowed within the fenced area, including stockpiling of construction equipment.
- In the front yard, plant one large-species deciduous shade tree; and
- In the rear yard, plant one evergreen, ornamental or large-species deciduous shade tree.

Attachment D is a listing of tree species allowed by the EDA. If Builder desires to close on the sale of the new house prior to completion and acceptance of the landscaping, the EDA may require that funds be escrowed by the Builder to guarantee that landscaping is completed in a timely manner after closing.

7. **Land Use and Property Tax Status.** The new house shall be a single-family, owner occupied house, and may not subsequently be taken off the property tax rolls. This requirement is in effect for 30 years after the date of closing.

E. Building Permit Application Process.

When applying for a building permit to construct the new house, Builder will need to provide a complete building permit application, including the following items:

- Plans (2 copies).
- Land Survey (2 copies) with building elevations, drainage patterns and easements.
- Energy Calculations.
- Photo of the sign to be posted in accordance with city code section 403.
- Escrow form.

Questions regarding building permit forms, fees, inspections, etc. should be directed to the Administration counter (763.531.1000). The Building Official and EDA staff will review all plans to assure conformance with Builder's proposal, these Guidelines and the house plan approved by the EDA. If any element of the plan is in conflict with the above criteria, EDA staff will notify Builder of any conflicts and note which changes are required. Unless the modifications can be clearly indicated on the originally submitted plans, Builder shall submit revised plans for final approval by the Building Official and EDA staff.

F. List of Attachments:

- A. 2015 aerial photo showing location of subject property
- B. Sewer tie card
- C. Bottineau Gardens final plat. A copy of the preliminary plat showing elevations is also available upon request.
- D. Bottineau Gardens preliminary plat showing elevations
- E. List of trees species allowed for planting

PROPOSAL FORM
PROPOSAL TO THE ECONOMIC DEVELOPMENT AUTHORITY OF THE CITY OF CRYSTAL
5209 – 49TH AVENUE NORTH

BUILDER OFFERS \$55,000 TO PURCHASE THIS LOT

This proposal is not a purchase agreement or other binding contract. At this time, the Builder is submitting a proposal to purchase this lot and build a new single family house in accordance with the RFP Guidelines. If a builder's proposal is tentatively accepted by the EDA board, then EDA staff would work with the Builder to determine the specific house plan and present it at the next EDA meeting. If the EDA board gives final approval at that time, the Builder would sign a Purchase & Redevelopment Agreement and provide \$2,000 earnest money for the lot. Only after such an Agreement is signed would a binding contract exist between the EDA and the Builder.

BUILDER: *(Builder is required to be a Residential Building Contractor licensed by the State of Minnesota.)*

Name: _____ State License Number: _____

Tel (1): _____ Tel (2): _____ Fax: _____

Address: _____ City/State/Zip: _____

Email: _____
Signature _____ Date _____

REQUIRED ATTACHMENTS AND ADDITIONAL INFORMATION:

- Attach one representative example of a house you would plan to build on this lot if your proposal is selected. It does not need to show exactly how it would be placed on the lot; it just needs to show the approximate size, quality and features you would anticipate a new house would have on this lot. A specific house plan would be determined after a proposal is tentatively accepted by the EDA.
- The EDA will only sell lots to builders who have experience in house construction in Minnesota. Please list the addresses of three houses you have built in Minnesota within the last five years, or attach other evidence of qualification for review by the EDA:

House #1: _____

House #2: _____

House #3: _____

BOTTINEAU GARDENS

R.T. DOC. NO.

C.R. DOC. NO.

HOW ALL PARTS OF THESE PRESENTS: That the County of Hennepin, a Minnesota public body corporate and politic under the laws of the State of Minnesota, has cause of the following described property situated in the County of Hennepin, State of Minnesota, to-wit:

FORMER PRESENTS:
 That part of Lot 15, SCHAEFFER'S LAKE SIDE GROVE described as follows: Commencing at a point on the North line of said Lot 15 about 284 feet East of the Northwest corner thereof, thence South at right angles 80 feet, thence East thence North at the North line of said Lot 15 to the Eastern right of way line of U.S. Highway No. 52, thence Northwesterly along said Eastern right of way line to the North line of said Lot 15, thence East along said North line to the point of beginning.

AND
 That part of Lot 15, SCHAEFFER'S LAKE SIDE GROVE described as follows: Commencing at a point on the North line of said Lot 15 about 284 feet East of the Northwest corner thereof, thence South at right angles 140 feet to the actual point of beginning of the track to be described, thence westerly thence along the east described line westerly to the North line of said Lot 15, thence West along said North line to the Eastern right of way line of U.S. Highway No. 52, thence Northwesterly along said Eastern right of way line to its intersection with a line drawn parallel with and about 140 feet South at right angles from the North line of said Lot 15, thence East parallel with the North line of said Lot 15 to the point of beginning.

AND
ABSTRACT PRESENTS:
 That part of Lot 15, SCHAEFFER'S LAKE SIDE GROVE described as follows: Commencing at a point on the North line of said Lot 15 about 284 feet East of the Northwest corner of said Lot 15, thence South at right angles 80 feet to the point of beginning of the track to be described, thence westerly south of a line at right angles to said North line of Lot 15, a distance of 80 feet, thence East and parallel with said North line of Lot 15, a distance of 232.22 feet to the northeastern right of way line of County Road No. 51, thence North along the 51, thence Northwesterly along said right of way line a distance of 80.22 feet to its intersection with a line drawn parallel with and about 80 feet South at right angles from said North line of Lot 15, thence East along said Eastern right of way line a distance of 284.75 feet to the point of beginning.

Heretofore the same to be surveyed and platted as BOTTINEAU GARDENS and shall hereby be made to the public for public use between the Public Highways and the easements for utility and drainage purposes as shown on the plat.

I, the undersigned, Clerk of Hennepin County, Minnesota, do hereby certify that the above described property is the property of the County of Hennepin, Minnesota, and that the same is being offered for sale to the highest bidder at public auction on the _____ day of _____, 2016, at _____ o'clock of the day.

Witness my hand and the seal of the County of Hennepin, Minnesota, at _____, Minnesota, this _____ day of _____, 2016.

 Clerk of Hennepin County, Minnesota

I, Scott J. Siskin, do hereby certify that the plat was prepared by me or under my direct supervision and that I am a duly Licensed Land Surveyor in the State of Minnesota and that the plat is a correct representation of the boundaries shown on the plat and that the same are correctly depicted on the plat and all measurements indicated on the plat have been or will be carefully set with the usual care and skill of a Licensed Land Surveyor in the State of Minnesota and that I am a duly Licensed Land Surveyor in the State of Minnesota and that the plat is a correct representation of the boundaries shown on the plat and that the same are correctly depicted on the plat and all measurements indicated on the plat have been or will be carefully set with the usual care and skill of a Licensed Land Surveyor in the State of Minnesota.

Witness my hand and the seal of the County of Hennepin, Minnesota, at _____, Minnesota, this _____ day of _____, 2016.

 Scott J. Siskin, Land Surveyor

The instrument was acknowledged before me on the _____ day of _____, 2016, by Scott J. Siskin, a Licensed Land Surveyor.

 Notary Public, Hennepin County, Minnesota

CITY OF BOTTINEAU
 The plat of BOTTINEAU GARDENS was approved and accepted by the City Council of the City of Bottineau, Minnesota, in a regular meeting thereof held on the _____ day of _____, 2016. I, _____, a regular representative of the City of Bottineau, Minnesota, do hereby certify that the plat is a correct representation of the boundaries shown on the plat and that the same are correctly depicted on the plat and all measurements indicated on the plat have been or will be carefully set with the usual care and skill of a Licensed Land Surveyor in the State of Minnesota and that the plat is a correct representation of the boundaries shown on the plat and that the same are correctly depicted on the plat and all measurements indicated on the plat have been or will be carefully set with the usual care and skill of a Licensed Land Surveyor in the State of Minnesota.

Witness my hand and the seal of the City of Bottineau, Minnesota, at _____, Minnesota, this _____ day of _____, 2016.

 Mayor, City of Bottineau, Minnesota

NEEDHAM AND REAL ESTATE SERVICES, Hennepin County, Minnesota
 I hereby certify that the plat of BOTTINEAU GARDENS was recorded in the office of the County Clerk of Hennepin County, Minnesota, on the _____ day of _____, 2016, at _____ o'clock of the day.

Witness my hand and the seal of the County of Hennepin, Minnesota, at _____, Minnesota, this _____ day of _____, 2016.

 County Clerk, Hennepin County, Minnesota

REBECCAH J. WILSON, Hennepin County, Minnesota
 Pursuant to PL 2147, Section 363.025 (RM), the plat has been approved on the _____ day of _____, 2016, by _____, Clerk of Hennepin County, Minnesota.

 Clerk of Hennepin County, Minnesota

DEBORAH J. WILSON, Hennepin County, Minnesota
 I hereby certify that the plat of BOTTINEAU GARDENS was filed in the office of the County Clerk of Hennepin County, Minnesota, on the _____ day of _____, 2016, at _____ o'clock of the day.

Witness my hand and the seal of the County of Hennepin, Minnesota, at _____, Minnesota, this _____ day of _____, 2016.

 County Clerk, Hennepin County, Minnesota
