

City of Crystal

(Official Publication)
**Crystal Storm Water Pollution
Prevention Program (SWPPP)**

The City of Crystal invites all interested people to attend a public informational meeting on Thursday, February 20th, at 7 pm in Conference Room “A”, Crystal City Hall, 4141 Douglas Drive North, Crystal, Minnesota. The purpose of this meeting is to present, review and solicit comments on Crystal’s Storm Water Pollution Prevention Program (SWPPP).

Information will be presented, and discussion about the activities the City has and will be engaged in as a result of the implementation of the SWPPP. Discussion items will include: the original SWPPP, compliance status, measurable goals, and activities planned for the next year.

A copy of the SWPPP is available for review at Crystal City Hall, copies available for 25 cents per page, or on the City website at www.ci.crystal.mn.us. Please send written comments to:

Crystal Public Works – SWPPP
4141 Douglas Drive North
Crystal, MN 55422-1696

The Municipal Separate Storm Water System (MS4) Permit is also available at Crystal City Hall or online at:
