

CITY of CRYSTAL

PUBLIC WORKS DEPARTMENT

4141 Douglas Drive North

Crystal, MN 55422

Telephone: 763-531-1000 / Fax: 763-531-1188

www.crystalmn.gov

Deaf and Hard of Hearing callers should contact the Minnesota Relay Service at 1-800-627-3529 V/TTY or call 711

Be aware of radio transmitters during siding projects.

Caution to Siding Contractors and Homeowners:

Siding contractors and homeowners should proceed with caution during home siding projects in Crystal. Radio transmitters (see right) are affixed to the outside of city homes. The units are wired into homes and transmit water meter readings to city software for utility billing.

To have a radio transmitter moved or removed, set up an appointment with the Crystal Public Works Department at 763-531-1139.

Property owners are responsible for purchasing a new radio and wires if the unit is damaged, lost or thrown away. Property owners are also responsible for setting up appointments for city staff to make any necessary repairs.

***This flier does not cover all city code guidelines and requirements.
Contact the City of Crystal regarding permits and specifications before any project.***

**For questions or more information, contact
Utilities Superintendent Randy Kloepper at 763-531-1166.**
